

SENATOR VICKERS: I just would like for you to explain to the body why this couldn't be done with E & R.

SENATOR PAPPAS: It came down before the bill went to E & R and it was suggested by the bill drafters, Senator Vickers, and there is a copy of it up there. I had to turn my copies in because I forgot last week to turn them in to get them printed before it went to E & R so was going to try to correct it. It was pointed out before it went to E & R.

SENATOR VICKERS: Okay, thank you. I am not going to oppose the amendment but I would just like to raise the point on such amendments as this, and I know I am guilty of it right now, taking some time, but it seems to me that is what we have E & R for. Thank you, Mr. President.

PRESIDENT: Anything further on the Pappas amendment? Senator Pirsch.

SENATOR PIRSCH: I guess I would like to know where the amendment is printed. Is it in the Journal?

PRESIDENT: It is not printed.

SENATOR PIRSCH: It is not printed.

PRESIDENT: It has not been printed. It is a corrective amendment we understand. However, the motion has been made to adopt this amendment on the floor. All those in favor of the Withem amendment or the Pappas amendment vote aye, opposed vote nay. Have you all voted? Record the vote, Mr. Clerk.

CLERK: 27 ayes, 0 nays, Mr. President, on the amendment of Senator Pappas's.

PRESIDENT: The amendment is adopted. Now we are down to the bill. Senator Withem. The motion I guess now would be to advance the bill. The bill is up for discussion, Senator Withem.

SENATOR WITHEM: Yes, Mr. President, members of the body, with the failure to adopt that last amendment of mine, I am going to urge the body to oppose the advancement of the bill. Now keep in mind opposing the advancement of the bill
